

**Board of Directors  
SEPTEMBER 26, 2009 AGENDA**

**TO:** Board of Directors  
**PREPARED BY:** John P. Rutledge, General Manager  
**SUBMITTED BY:** Tom Olhasso, Chair – Lake Operations & Maintenance Committee  
**SUBJECT:** Consideration of Revised Trail Plan in Village Cove

**SYNOPSIS:**

A revised trail plan has been prepared for the Village Cove area.

**FISCAL STATEMENT:**

Cost Estimates have not been prepared but our experience with construction and grading suggest that this plan could be implemented for between \$15,000 and \$30,000.

**BACKGROUND:**

This plan is being submitted as a compromise following the Board's consideration and failure to approve the previously submitted plan for the complete renovation of the area.

Additionally, the Board requested that the Lake Operations & Maintenance Committee prepare a Trails policy. The Committee met following the August Board meeting and intends to submit the outline of such a policy at the October meeting as requested.

**RECOMMENDATION:**

It is the recommendation of the Chairperson of the Lake Operations & Maintenance Committee that the Board consider this revised plan for adoption.
