Rental Terms – Rental Agreement NOT VALID without signature of dock owner

The Dock/Slip Rental Agreement authorizes the member dock owner (lessor) to rent to one verified member (lessee) of the Arrowhead Lake Association at a time. Renting docks to multiple ALA members or non-member groups is not authorized. Dock rentals that require a member to side tie are not authorized.   Dock/Slip rentals are not authorized for any commercial or non-member use.

The ALA member, lessee, and ALA member, lessor, of the rented Dock/Slip will indemnify and hold harmless the Arrowhead Lake Association. The dock owner assumes FULL RESPONSIBILITY for their renters, whether short term or long term, and all guests using your dock. **The leasing member and or authorized user must accompany guests during use of said rented dock.**

In the event of a dispute regarding the processing fee, the Dock OWNER is ultimately responsible for paying the Dock/Slip Rental Agreement Processing Fee of $100. This will insure that all fees get paid and we can help you move forward with renting out your dock.

All information must be updated annually and a new agreement must be on file. All agreements will expire on March 31st of each year, and we will not be responsible for keeping copies of expired agreements.
