

CHRIS WILSON

Hi, I'm Chris and I'm interested in representing ALA's North District.

I am a Captain with a local fire department and have been in the fire service since 1991. As a Fire Captain, I am responsible for managing staffing, budgets, reports, equipment and personnel as well as mitigating emergency incidents of all types, under extreme conditions.

I've lived on this mountain full-time since 1990. I met my wife here, and we were married in 1993. We raised three children who all graduated from Rim High School. We enjoyed watching them spending their summers on the lake with family and friends. I can't think of anywhere better to raise kids.

I love this Mountain, this Lake and the people here. They have been good to me and I'd like to give a little something back.

I consider myself to be just a regular guy and I believe in keeping things simple. So, in short, my only agenda is to represent your interests and concerns.

This is OUR Lake, it's a great place and I'd like to see it stay that way.

Thanks for your time.

Chris Wilson
